

ADDISON AMENITY GRANT PROGRAM

Unlock the Future of Workspaces

The Addison Amenity Grant Program helps eligible businesses enhance their workplaces with amenities that support employees and strengthen the overall office experience. From collaborative spaces and outdoor areas to wellness features and other workplace improvements, the program provides funding to help businesses create environments designed for today's workforce.

PROGRAM GOALS

The program's overarching objectives reflect Addison's vision of a thriving business community.

ENHANCE WORKPLACES

Create environments that stand out to tenants and employees alike.

BOOST PRODUCTIVITY AND COLLABORATION

Invest in features that foster innovation and teamwork.

STRENGTHEN COMPETITIVENESS

Position Addison as the go-to destination for employees who value modernity and well-being.

ADDISON AMENITY GRANT PROGRAM

This program is designed to support business and property owners in creating high-quality office environments that:

- Enhance the aesthetic and functional appeal of office spaces.
- Attract businesses seeking modern, employee-friendly workplaces.
- Foster a sense of community and innovation within Addison's commercial landscape.

Key Requirements

INVESTMENT

\$1 million minimum ensures impactful, transformative projects that significantly enhance the workplace.

COST COVERAGE

Cost varies based on project scope and expected impact.

GRANT DISBURSEMENT

Funds are awarded after project completion and verification of improvements. This ensures applicants uphold a high standard of commitment by leveraging the program to create meaningful, lasting changes.
